The Pathways Learning and Development Department is proud to offer "[Crisis Preferences and Prevention Plans 101](#)," taught by Lydia Chavez Ward - RN, MEd, CPHQ, CHC, CHP and Carla Warner - LCSW, CHP

Lydia Chavez Ward, Senior Quality Improvement Specialist: Lydia Ward RN, MEd, CPHQ, CHC, CHP
Lydia Ward is a Pathways Senior Quality Improvement Specialist and is a member of the Pathways Corporate Compliance/Quality department. Lydia has a BSN from the University of New Mexico and a Master's in

Education from Wayne State University. She is an RN and has been certified in Health Care Quality, Health Care Compliance, Health Care Privacy, Managed Care and Advanced Nursing Administration. She has worked as a nurse in both Behavioral Health and Medical settings and taught nursing for sixteen years. She served as a QM, HR, and Provider Relations Manager as well as a Risk Management Director for a Medicaid BHO that she helped establish. Lydia has also worked with and for Providence Service Corporation for over 15 years where she developed and implemented Quality Management Systems and served as Chief Operating Officer for a seven member Provider Sponsored Network. Lydia is the mother of three children, has three grandchildren and lives in Las Cruces, NM with her husband, Jack. She enjoys crafts, jewelry making and reading.

Carla Warner, Virginia State Director of Compliance, Virginia State Privacy Officer: Carla Warner, LCSW is a Licensed Clinical Social Worker who currently works as Virginia's State Director of Compliance. She has devoted her career to community based mental health programs, serving in both clinical

and operational leadership roles for children's therapeutic day treatment, intensive in home services, mental health skills building, mentoring, hospice, and out-patient services. In her current role, she is the head of compliance and oversees risk management, quality assurance, quality improvement, new program development, integration of electronic medical record, leads the policy and procedure committee, oversees the state clinical records department and serves as Virginia's Privacy Officer. A passionate and knowledgeable trainer, Carla has trained behavioral health staff on multiple topics including improving clinical competencies, operational competencies, compliance and risk management, change management and leadership development, electronic health record utilization and collaborative documentation. More recently, she has developed and spear-headed state-wide training to over 750 staff improve crisis planning. Carla has been interviewed and published in local television and print media for her expertise in children's mental health. Carla received her Bachelor's Degree in Psychology from Middle Tennessee University and her Masters of Science Degree in Social Work from the University of Tennessee.

Purpose of this Course:

Having a crisis plan in place before a crisis occurs could mean the difference between a manageable event and a traumatic or dangerous event. Unfortunately, there are many challenges that our providers face concerning crisis plans. Some providers confuse crisis plans with safety plans. Others don't understand the purpose of the plan and others might not understand the importance of reviewing the plan periodically. The purpose of this course is to help our providers increase their knowledge about crisis plans and increase their confidence around their ability to develop one.

This 90 minute Teleclass will help you to become comfortable with the details around crisis planning. You will be able to identify why they are important, when to develop and update them, and learn how to use them with children, adolescents and adults.

Learning Objectives: *After completing the course, participants will be able to:*

1. Provide a definition of a Behavioral Health crisis
2. List 3 reasons why a crisis plan is important.
3. Explain when to develop, implement and update the crisis prevention intervention plan.
4. Name at least 3 essential components of a crisis plan.
5. Use a crisis plan with children, adolescents, and adults.
6. Explain how to manage situational challenges that arise when developing a crisis plan.

Course Outline:

<u>Understanding A Crisis</u>	<ul style="list-style-type: none"> ✓ What is a behavioral crisis ✓ Characteristics of a behavioral crisis ✓ Phases of a crisis ✓ Consumer’s definition of crisis, safety and risk
<u>Why Are Crisis Preferences and Prevention Plans Important</u>	<ul style="list-style-type: none"> ✓ Review of research of what consumers feel are important staff behaviors in crisis ✓ Intent of a Crisis Preferences and Prevention Plan ✓ Possible consequences for individuals every time they have a crisis
<u>Crisis Preferences and Prevention Plan Essentials</u>	<ul style="list-style-type: none"> ✓ What is a Crisis Preferences and Prevention Plan ✓ Essential components ✓ Key questions to ask ✓ Availability of the plan ✓ Attributes of a good plan ✓ Crisis Preferences and Prevention Plan vs. Safety Plan
