

Relias does not prevent one from taking a training when another course or tracker is overdue. The button is lighter, but you can still click on it. Or you can click on the Training Name in blue to take any training. The warning popup is just to let you know that you can't earn gamification points since you have other overdue trainings. You can ignore that message and click Continue.

The screenshot shows a list of training courses with their respective due dates and buttons to take them. A warning popup is displayed over the list, and two callouts are present:

- Callout 1:** A red circle with the number '1' and an arrow pointing to the course name 'Purchasing Card Policies and Procedures'.
- Callout 2:** A red circle with the number '2' and an arrow pointing to the 'Continue' button in the warning popup.
